FURNITURE

ANTHONY HORDERN & SONS,

Only Universal Providers,

NEW PALACE EMPORIUM,

BRICKFIELD HILL,

SYDNEY.

ANTHONY HORDERN & SONS, as manufacturers of

FINE FURNITURE,

have ever striven to combine BEAUTY AND UTILITY in everything produced in their Redfern Cabinet Works, and the illustrations on the following pages show some examples of the way Australian Capital and Australian Labor have been united in converting Australian Timbers into articles of use and ornament for Australian Homes.

In presenting this Catalogue, ANTHONY HORDERN & SONS wish to point out that the illustrations represent only articles in everyday demand, and for this reason the sketches convey but a limited idea of the extent and variety of the stock displayed in our magnificent Furniture Show Rooms. To illustrate everything would take a book of many hundreds of pages, so it is only possible to furnish examples of lines that are usually asked for. Should anything beyond the designs shown be required, we shall be pleased to have sketches prepared, either from our own or customer's special designs, our staff including thoroughly qualified artists and designers, whose services are at the disposal of our patrons.

ANTHONY HORDERN & SONS' FURNITURE, CARPET, and BEDSTEAD SHOW ROOMS are acknowledged the finest in Australia, covering an area of nearly fifty thousand superficial feet, well lighted and lofty. Here are displayed samples of Modern Art Renaissance, Chippendale, Sheraton, Rococo, and other styles of Furniture, and while the claims of High Art in Modern Furniture are not forgotten, neither is the necessity for the cheaper, stronger made and more useful kinds ignored. We can furnish a Cottage or a Mansion with equal ease.

Several completely Furnished and Decorated Rooms are arranged in our Furniture department to assist customers in making choice of suitable furnishings, and they can see at a glance the general effect much better than by selecting the several items of furniture in different places.

USEFUL HINTS.

PACKING.

When packing is necessary, customers are only charged with cost of material used. Our packers are experienced men, and pack all goods to suit the route the goods have to travel, whether by Steamer, Rail or Road, and in the smallest possible space so as to save freight.

FREIGHT.

We do not pay freight on Furniture, Bedsteads, Bedding, Carpet, Linoleums, Floorcloths, and other heavy and bulky goods.

GOODS IN TRANSIT.

We take no risks in connection with goods in transit. Everything sent to the country is carefully packed by experienced men, and our liability ceases when we deliver goods to the Railway authorities, Steamship owners, or the Post Office. In the event of Goods arriving at their destination in damaged condition, or short, no time should be lost in reporting the matter to the proper authorities.

TERMS, &c.

Our terms being Spot Cash, sufficient to cover the cost of the goods required must be sent with every order. Observance of this rule is indispensable to ensure prompt despatch.

REMITTANCES.

Remittances may be sent by Post Office Orders, Postal Notes, Bank Notes, Cheques, or Bank Drafts. When ordering, please give your correct name and address. Be particular to quote number and description of the article required, but there is no need to cut out the illustrations.

NEEDFUL PRECAUTIONS.

Letters containing Postage Stamps, Bank Notes, or Coin should be registered, so that if lost, they may be more easily traced. When remitting Postal Notes to us, the words Anthony Hordern and Sons should be written in the space left vacant for the name of the Payee, and Haymarket in the space for the paying Post Office. This simple plan will ensure almost absolute safety, as Postal Notes so marked can only be paid to us.

Customers are requested not to cut out the illustrations from this Catalogue, but quote the number given below each article illustrated.

All Prices in this Catalogue are subject to Market Fluctuations,
from whatever cause arising.

ANTHONY HORDERN & SONS,

Only Universal Providers.

NEW PALACE EMPORIUM. SYDNEY.

February, 1901.

HOUSEHOLD FURNITURE.

The Furnishing of a House is an INDEX to CHARACTER and TASTE.

"Our Homes are an expression of ourselves; their Furniture marks the character of us as their inhabitants; all sorts of *Delicate Affinities* establish themselves between us and the rooms in which we habitually live.

"*Lights and Shades of Mood* stamp the juxtaposition of mind and matter.

"Tendrils of habit make the Dweller and the house incorporate, and we ourselves are the spirit of the place.

"'Life' I said, ending the peroration with a cheap epigram, 'Life should be the equilibrium between Beauty and Utility.'"

FRANCIS RIVERS, in *Vox Populi*.

Most of the Furniture in the following lists is manufactured at our Redfern Factories. By this method, while the **quality of the materials** and the best of workmanship is assured, the **profit exacted by manufacturers** who would otherwise supply the goods, is saved to the user.

THE DINING ROOM.

Surely the **most important apartment** in the house, whether it be of **spacious dimensions** or limited to the **smallest proportions**. It is the room where the **family feast** and where the **guests** are entertained, and as such, it is entitled to **sound and liberal treatment** in the matter of **furniture and decoration**. Consult the following pages for everything required.

"MILLIONS OF MISCHIEFS"

And any amount of worry, may be avoided by attention to the following simple directions:—

Write your Orders legibly, and your name and address in full. Give the Post Town where our answer will reach you. State if parcel and invoice are to be addressed Mr., Mrs., or Miss.

Give the correct route by which the goods are to be sent, and say to whom they are to be consigned if you live far from a Railway Station or Port.

Be careful to give sizes, colors, lengths, and quantities of goods wanted, and state whether we may substitute if we have not the exact material or article in stock.

In the event of goods going astray in transit, or not arriving at their destination in reasonable time, it would be well for customers, in writing to us, to give date of invoice, to assist in tracing cause of delay.

Special quotations for other sizes or for large numbers.

"MILLIONS OF MISCHIEFS"

And any amount of worry, may be avoided by attention to the following simple directions:—

Write your Orders legibly, and your name and address in full. Give the Post Town where our answer will reach you.

State if parcel and invoice are to be addressed Mr., Mrs., or Miss.

Give the correct route by which the goods are to be sent, and say to whom they are to be consigned if you live far
from a Railway Station or Port.

Be careful to give sizes, colors, lengths, and quantities of goods wanted, and state whether we may substitute
if we have not the exact material or article in stock.

In the event of goods going astray in transit, or not arriving at their destination in reasonable time, it would be
well for customers, in writing to us, to give date of invoice, to assist in tracing cause of delay.

ANTHONY HORDERN & SONS, ONLY UNIVERSAL PROVIDERS

Pianos for the Home and Concert Room.

IT IS RECOGNISED THAT in buying a Piano for Spot Cash, a good round sum is saved, and it is likewise admitted that the best place to plant the ready money when it is determined to buy a Piano, is

....ANTHONY HORDERNS'....

The purchase of a Piano is something which requires serious consideration. A Piano costs more than any other single piece of furniture that goes into an ordinary house, therefore, the utmost care should be given to its selection.

We have, after careful consideration, pinned our faith to the famous **Bogs & Voight Pianos**, as being the best built, the sweetest toned, and most artistically cased medium priced instrument in the market.

The **Bogs & Voight Pianos** which come from Berlin, have several leading features not usually found in other instruments, among which may be mentioned a massive full iron frame with five crossbars, a sound board constructed according to the latest scientific research, a carefully regulated double repeating action, the special care in selecting sound and well seasoned timbers, a full rich singing tone, and a light elastic touch. Honesty of construction and beauty of finish have placed the **Bogs & Voight** in the front rank of medium priced Pianos. We stock four models, £37/10/-, £38/15/-, £42/10/-, £45/-, the prices grading according to size of the Piano and style of case.

Our system of trade being based on Spot Cash places us in the position of supplying instruments of undoubted excellence at prices which effect a good round saving to the purchaser.

From time to time various other makes of Pianos by different makers of repute come to hand, particulars and prices of which, will be forwarded if desired.

PACKARD ORGANS.

In the manufacture and sale of their Organs, The Packard Company have taken the ground that a reputation gained by putting a superior article on the market, and giving the purchasers more than they expect, is more lasting than one gained by extensively advertising an article which is a disappointment when examined. That the Packard Company is right is readily shown by the increasing demand for the Packard Organ, which has gained the confidence of the music trade and the public.

The Packard Organ is the Organ of all others to stand round when the hours of evening fall, and family voices break forth into song and praise.

No. 281.

Style No. 281—Low top, Walnut case. Five octaves; having two sets of reeds of two octaves each, and two sets of three octaves each £17/15/-

The "AERIOLA"

THE LATEST PIANO-PLAYER.

In placing the "Aeriola" on the market, we wish to have it distinctly understood that, unlike so many other instruments of this type, it was not offered to the public until it had completely passed out of the experimental stage. Careful tests by experts have clearly demonstrated that it is everything a first-class Piano-Player ought to be, in addition to which it has special advantages of its own.

Top Quality. Bottom Price.

£37/10/-

By the aid of this marvellous instrument, anyone can play on any piano (either horizontal or upright), in most masterly style, all the finest music ever written. No musical knowledge is required. All that is necessary to make the "Aeriola" play, is to place a perforated roll of music in the instrument and to move the pedals alternately with the feet, the movement being entirely from the ankle. The Music Rolls are all marked with a dotted expression line, denoting the human expression required, and this is principally obtained from the bellows. So sensitive are these to the slightest touch, that the least extra pressure will immediately produce a most perfect crescendo, or a sudden accentuation of a particular note or chord, without effort. The bellows allow a direct stroke from the pedals, and therefore do away with the continuous hard pumping required in other Piano-players, making it the ideal machine for a lady to operate. Each "Aeriola" is positively guaranteed in every detail against any defects in material or workmanship.

SOME "AERIOLA" FEATURES.

1. It possesses "The Melodist," a device enabling one to bring out the melody while subduing the accompaniment. If the melody runs in the treble this can be accentuated, while the bass is subdued, and vice versa.
2. It is equipped with the lever system of expression devices, in contradistinction to push buttons, which are not capable of such subtle effects.
3. It has the Metal Tracker-board, insuring great durability. Other Piano-Players have wooden Tracker-boards, and as it is impossible to prevent the swelling of wood, they are liable to crack.
4. It has Leaf Pneumatics, which operate twice as fast as the clumsy bellows of other Piano-Players. Unlike other Piano-Players, these pneumatics make no noise, so in the "Aeriola" it is not necessary to have a cover over the music to deaden the sound.
5. Its expression levers are not complicated, and are so arranged that they can be manipulated simultaneously. Its tempo lever is most sensitive, giving the operator complete control of the phrasing.
6. It is the smallest and neatest Piano-Player made, and of artistic design, and by arrangements with the Pianola Company every selection listed in the catalogue of that instrument may be purchased for and played on the "Aeriola." Owners of the "Aeriola" have also the privilege of joining the Pianola Co.'s Library.
